Re: Small Mine NOI, Map Requirement, S/025/006, Kane County,
Utah

The Division has received your Small Mining Operators Notice of Intent on June 20, 1988. Thank you for notifying us of your proposed activity. Before we are able to process the NOI further, you will need to provide us with a map showing the location of the mine, the extent of disturbance and access to the mine. I have enclosed a copy of your NOI with this letter. On the form, please refer to item # II for a description of the map requirement.

If there are any sites located adjacent to yours which have been impacted by mining please indicate that on the map so you are not held responsible for the reclamation of those sites as well.

Thank you for your attention.

Sincerely,

Holland Shepherd
Reclamation Soils Specialist
